METAL-FAB INC.

B-VENT Product Update

JULY 2001

ANNOUNCING NEW SINGLE WALL FLEX CONNECTORS

We are pleased to announce that Metal-Fab now offers a better way to connect gas appliances to common B-Vent: the Metal-Fab single wall flex connector. We are ready to accept your orders.

Quick & Easy:

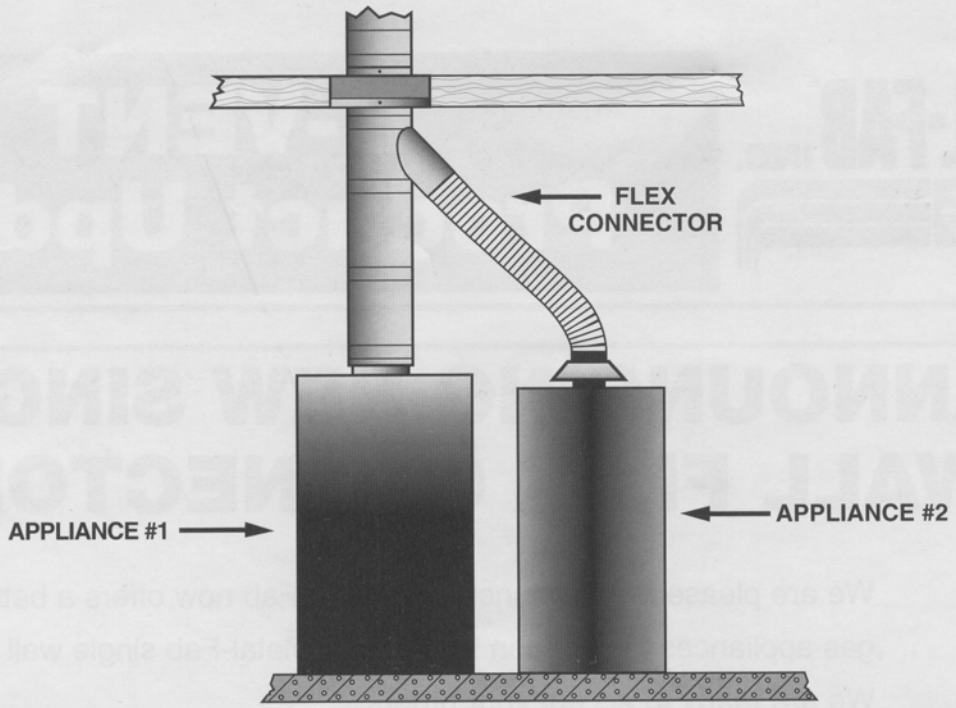
- Flex connector eliminates measuring, cutting and assembly of rigid single wall pipe when connecting gas appliances to a common B-Vent flue.
- Aids in retrofits: When installing a new appliance that isn't the right height to connect to existing vent - use our flexible connector to lower installation time.
- Comes ready to install, right out of the box. Factory-assembled twist lock ends - no tools necessary for installation into Metal-Fab B-Vent.

More Flexible:

- Competitive liners use only one ply. This makes them less flexible, more prone to kink.
- Metal-Fab single wall flex connector uses 2-plys, each of a thinner material. The result - more flexible, bends easier, less chance of kinking, just as strong.

Quality:

- UL listed.
- Same trusted Metal-Fab quality.



Flex connector used from one or both appliances to a common vent.

AVAILABLE IN 3", 4", 5" DIAMETERS - 1', 2', 3', 4', 5' LENGTHS

STOCK NO.	BAR CODE NO.	DESCRIPTION	LIST PRICE EACH	QTY/BOX	LBS/BOX	CUBES/BOX
MSWF0301	42440	3" DIA. x 1' LENGTH	10.97	12	9.0	1.4
MSWF0302	42441	3" DIA. x 2' LENGTH	12.81	12	13.0	2.8
