Metal-Fab B-Vent connects easily to other brands. You don't need anything else!

Mating two different brands of B-Vent doesn’t have to cost you time and money - Metal-Fab B-Vent connects to competitive brands in only TWO EASY STEPS!

**INSTALLING REPLACEMENT EQUIPMENT** (Into competitive female end, 3”-6”):

**STEP 1:** Insert Metal-Fab male end into competitive female end (inlet). NO ADAPTER NEEDED!

**STEP 2:** Secure with three sheet metal screws. (See instructions in FIG. 1.)

**DEPLETING COMPETITIVE STOCK** (Connecting into competitive male end):

**STEP 1:** Insert male end (outlet) of competitive gas vent into female end of Metal-Fab B-Vent adapter (M6A, M12A, M18A).

**STEP 2:** Tighten adapter clamp tight around gas vent. (See instructions in FIG. 2.)

**FIG. 1**

**FIG. 2**

AFTER INSTALLATION SECURE WITH (3) 1/4" LONG (MAX.) SHEET METAL SCREWS AT APPROX. 120°. DO NOT PENETRATE FLUE CASING.

INSERT 3/4" TO 1 1/2" UNTIL FULLY SEATED.
