

Effective at the close of business today (April 1) and through April 15, 2020, Metal Fab will temporarily suspend all manufacturing and logistics operations as a result of the COVID-19 virus. This will include suspension of all deliveries scheduled after the end of business today (April 1). We will reassess the situation and communicate with all of you prior to resuming operations on Thursday, April 16.

During this temporary suspension of operations, Metal-Fab will have key personnel working remotely who will be available and ready to respond to your questions, including full technical support. We will do our best to ensure that the level of support you have come to expect from your Metal-Fab sales team is maintained.
